The offices of BAa Advocats Associats, Dr. Astrid Dorfmeister & Dr. Frühbeck are pleased and honored to invite you to the upcoming Spring Conference to be held in Barcelona in the month of April.

We are excited for the conference to enrich the efforts of Consulegis, strengthen relations among its members and promote better conditions for business building among the firms. This is our challenge!

Barcelona has everything needed for a successful meeting: great connections to points around the world, centrally located hotels and magnificent working conditions at the headquarters of the Bar Association, all within short distances to take full advantage of available time.

During your stay, you will be able to enjoy a wide range of cultural events, exceptional architecture around the city and a world-renowned cuisine. You can take a stroll, either near the sea, along the popular boulevard known as Les Rambles or down the elegant Passeig de Gràcia. There are many little known sights to be explored, including the Plaça Sant Felip Neri, the Plaça del Rei or any one of the many others with an enchantment all their own.

Be sure not to miss the first day of the conference on the 23<sup>rd</sup> of April, a holiday that celebrates the patron saint of

Catalunya, Sant Jordi. It's a longstanding tradition to give roses and books to those you love and appreciate. You'll get a first-hand look at how the entire city takes part in the festivities.

We look forward to successful, profitable work and once done, we'll celebrate with a Festa Major (town holiday), just the way that Spanish villages used to celebrate their patron saints by combining a festive atmosphere with genuine popular culture.

Everyone's invited and we look forward to seeing you!

**Welcome to the Barcelona Conference... Visca la Festa Major! Enjoy the holiday!**
